

Day 3 Government Update – follow up

Brothers and Sisters,

We have received word out of Trenton that the Assembly is expected to reconvene soon, to potentially vote on the budget and a newly drafted 'Horizon bill.'

Politico reported that the Assembly Speaker said that progress was made by state legislators today. It was also reported that the Speaker did say that his staff was doing some drafting of the new bill in order to resolve the impasse over restructuring the state's largest health insurer.

We have heard from our lobbyist, Capital Impact Group that the new Horizon bill will be completely rewritten to match the State of PA model. Details on that will be forthcoming.

We will continue to keep you updated as this progresses.

Solidarity,

Dwight Covalleskie, President PANJ

Ellen Cribbin, 1st Vice President, Line Staff

Gavin Cummings, 1st Vice President, Supervisor's Unit
